# Whitepaper: Shiba Agent A.I. (\$SBAI)

{The Future of Crypto Intelligence at Your Fingertips}

Date: April 21, 2025

Website: [www.shibaagentai.com](http://www.shibaagentai.com)

## What is it?

The \$SBAI token is the backbone of the Shiba Agent A.I. ecosystem, an innovative initiative that seeks to simplify the complex world of cryptocurrencies. The project uses a dedicated Artificial Intelligence (AI) Agent to analyze vast amounts of online data, identify emerging trends, and discover promising crypto projects.

## Token Function

\$SBAI tokens serve as operational credits within the Shiba Agent A.I. ecosystem. \$SBAI holders will use their tokens to access in-depth analysis, detailed reports, and actionable insights generated by the AI Agent. Essentially, the \$SBAI token grants users the power to unlock AI intelligence and gain an informational advantage in the cryptocurrency market.

Unveiling the Future of Crypto Intelligence  
with \$SBAI

# 1. Introduction:

(The Mind of Crypto Intelligence)

In the ever-expanding universe of cryptocurrencies, navigating the noise and identifying the next projects with explosive potential can seem like a daunting task. Information is vast, fragmented, and often difficult to discern.

Shiba Agent A.I. (\$SBAI) emerges as an innovative solution, bringing clarity and insights to this complex landscape. \$SBAI aims to revolutionize how we discover and interact with new crypto opportunities through the power of a dedicated Artificial Intelligence agent.

Our A.I. Agent tirelessly monitors the internet and social networks, analyzing real-time data to detect emerging trends and pinpoint promising cryptocurrency launches. The \$SBAI tokens are the key to unlocking the power of this intelligence, acting as operation credits to access insightful analyses and detailed reports.

## 2. The Value Proposition:

Unlocking Insights, Expanding Opportunities

The core value proposition of Shiba Agent A.I. is to provide its holders with an informational edge in the crypto market. Through our A.I. Agent, the \$SBAI community will gain access to:

- **Early Trend Detection:**

Our A.I. Agent scours the digital landscape for the earliest signals of emerging trends, enabling \$SBAI holders to position themselves ahead of the curve.

- **Identification of Hidden Gems:**

By analyzing community sentiment, engagement, and discussions surrounding newly launched projects, the A.I. Agent seeks to identify those with the greatest growth potential.

- **Actionable Intelligence:**

\$SBAI holders will use their tokens as credits to access concise analyses and practical insights, filtering out the noise and focusing on the most relevant information.

- **Empowered Community:**

We are committed to fostering a collaborative environment where knowledge is shared, and every member has the opportunity to thrive.

# 3. Tokenomics :

## The Heart of \$SBAI

The \$SBAI token, operating on the Ethereum blockchain as an ERC-20 token, is the fundamental pillar of the Shiba Agent A.I. ecosystem. Its distribution and utility have been carefully designed to foster the project's growth and sustainability.

Token Name: Shiba Agent A.I.

Symbol: SBAI

Blockchain: Ethereum

Token Standard: ERC-20

### 3.1. Total Supply

The total supply of Shiba Agent A.I. (\$SBAI) tokens is fixed at 100,000,101,001 SBAI.

## 3.2. Token Distribution

The strategic distribution of \$SBAI tokens is as follows:

- **Listings on Exchanges (CEX & DEX):** 10% (10,000,010,100 \$SBAI) - Strategically allocated to ensure liquidity and broad accessibility across various trading platforms.
- **A.I. Agent & Development:** 25% (25,000,025,250 \$SBAI) - Dedicated to the ongoing development, enhancement, and maintenance of the A.I. Agent's infrastructure and algorithms.
- **Marketing & Brand Awareness:** 20% (20,000,020,200 \$SBAI) - Essential for driving adoption, building a strong community, and increasing the visibility of Shiba Agent A.I. through various marketing initiatives.
- **Terminal Development, A.I. Agent & Underlying Code:** 30% (30,000,030,301 \$SBAI) - Fundamental for developing the intuitive user interface (the "terminal" for accessing insights), the robustness of the underlying code, and the advanced functionalities of the A.I. Agent.

# 4. Roadmap:

## A Blueprint for Decentralized Crypto Intelligence

Our strategic roadmap outlines the development and implementation phases of Shiba Agent A.I.:

### 4.1. Technical Roadmap

- **Token Generation Event (TGE):** Secure and efficient deployment of the \$SBAI ERC-20 smart contract on the Ethereum blockchain.
- **Market Trend Analysis:** Continuous development and refinement of the A.I. Agent's analysis and monitoring algorithms.
- **Token Deployment:** Preparations for strategic listings on decentralized and centralized exchanges.
- **Exclusive Alpha Access for Holders:** Release of an initial (alpha) version of the A.I. Agent, offering basic discovery and alert functionalities, to the earliest members of the \$SBAI community.
- **A.I. Agent on Social Platforms:** Integration of the A.I. Agent with key platforms such as X (formerly Twitter), Discord, Telegram, and Google Trends to provide real-time insights and alerts directly where the community is active.

### 4.2. General Roadmap

#### 4.2.1. Phase 1: Pre-sale

- Strategic launch of the \$SBAI token pre-sale through the PinkSale.Finance platform, seamlessly integrated into our official website.
- Fostering the growth of an engaged and passionate community around the potential of crypto intelligence.

#### 4.2.2. Phase 2: Token Launch on DEXs and CEXs

- Strategic listings of the \$SBAI token on decentralized exchanges (DEXs) such as Uniswap and SushiSwap to ensure initial liquidity.
- Active pursuit of listings on centralized exchanges (CEXs) to expand reach and accessibility to a global audience.
- Activation of the initial (alpha) version of the A.I. Agent for \$SBAI holders, accessible through our platform connected to our website.

### 4.2.3. Phase 3:

#### A.I. Agent Activation and Ecosystem Expansion

- Launch of the complete and functional version of the A.I. Agent, offering access to in-depth analyses, detailed reports, and actionable insights for \$SBAI holders, using their tokens as "credits" within our platform.
- Continuous expansion of the A.I. Agent's capabilities, integrating new data sources, enhancing analysis algorithms, and exploring innovative functionalities.
- Cultivation of strategic partnerships with other projects and influencers in the crypto space to increase the utility and adoption of \$SBAI.
- Development and implementation of additional tools and resources for the \$SBAI community, based on feedback and market needs.

## 5. Community:

### The Driving Force of \$SBAI

We believe that a vibrant and collaborative community is the foundation of the long-term success of Shiba Agent A.I. Our commitment is to foster an environment where knowledge is shared and growth is mutual, through the following channels:

- **X (Twitter):** For instant announcements, project updates, and direct interaction with the community.
- **Telegram:** A central hub for real-time discussions, team support, and sharing crucial information.
- **Official Website:** The definitive source for all information, including this whitepaper, roadmap updates, community links, and access to the A.I. Agent platform (when available).

The links to all our community channels will be clearly displayed and easily accessible on our official website.

**X (twitter)**

**Our website**

**Telegram**

## 6. Security:

### Our Unwavering Commitment

The security of our smart contracts, our platform, and our community's assets is our number one priority. We implement robust security measures at every stage of development:

- **Smart Contract Audits:** The \$SBAI ERC-20 smart contract will undergo rigorous audits by reputable third-party blockchain security firms. Audit reports will be made publicly available to ensure full transparency and trust.
- **Development Best Practices:** Our development team will adhere to the most rigorous and industry-leading best practices to ensure the security, efficiency, and robustness of the platform and A.I. Agent code.
- **Secure Integration with PinkSale.finance:** We will work closely with the PinkSale.finance team to guarantee a seamless and secure integration for pre-sale functionalities.
- **Continuous Monitoring:** We will implement advanced monitoring systems to proactively detect and mitigate any potential security vulnerabilities.

## 7. Harnessing the Power of **PinkSale.finance**

Shiba Agent A.I. will integrate the PinkSale.finance platform to optimize the pre-sale experience of the \$SBAI token directly through our website. PinkSale.finance offers an intuitive and secure solution for managing token distribution. Participants will be able to contribute to the pre-sale directly through a user-friendly interface provided by PinkSale.finance.

## 8. Conclusion:

### **Unveiling the Future of Crypto Intelligence with \$SBAI**

Shiba Agent A.I. is more than just another cryptocurrency; it's a gateway to a future where artificial intelligence empowers investors to navigate the complex world of cryptocurrencies with confidence. By joining the \$SBAI community, you're not just acquiring a token; you're gaining access to a powerful tool designed to unlock opportunities and provide valuable insights.

We invite you to become part of the crypto intelligence revolution. Follow our updates, engage with our community, and prepare to experience the power of Shiba Agent A.I.
